PARTNER MATCHING SYSTEM

Instructor: Khulud Alshammari
Assistance Teacher: Abdullah Alharbi

أكاديمية طويق
Tuwaiq Academy

Team

Raghad Alsubai

Banan Alnemri

Ramah Alharbi

Ibtihal Alharbi

Content

أكاديمية طويق
Tuwaiq Academy

Mathematical consepts:

- Vector representation
- Dot product
- Vector norm
- Cosine similarity

Project idea

The Problem

أكاديمية طويق
Tuwaiq Academy

Students need study partners ...

But !

- Interests are different
- Available times are different
- Choosing randomly does not work well

أكاديمية طويق
Tuwaiq Academy

The Solution

Build a system that matches students based on:

- Similar academic interests
- Shared available time
- Mathematical similarity score
